

Dear sirs,

we have created an opportunity for you to change locations relatively quickly between start and finish on the racetrack with a press shuttle.

However, this service can only work if you adhere to the transfer times and the system and arrive on time at the location.

Saturday: Drive Start - Finish at 10.30 a.m. (start of practice at 11.00 a.m.)
Drive Start - Finish immediately after the 2nd practice run

Sunday: Drive Start – Finish at 08.00 a.m. (Start of practice 08.30 a.m.)
Drive Start – Finish immediately after the 3rd practice run

Drive Start – Finish at 11.30 a.m. (Start of Race 12.00 a.m.)
Drive Start – Finish immediately after the 1st Race
Drive Start – Finish immediately after the 2nd Race

How does it work?:

With the accreditation you get a press vest. Please wear these during your entire activity. If you stand at the edge of the road with this and draw the driver of the press shuttle to the attention of you with a hand signal, he will take you with him.

Important:

For example, if you are in the middle part of the route and you want to go up, please stop the press shuttle while driving up. If you want to go down, please stop the press shuttle while it is going down ... so we can increase the capacities for you.

Please get on and off quickly, as we have to bring you back down to the valley in front of the starter field and that only works if the shuttle service is not overtaken by the starter field during the return.

We hope that this will make your work easier and we are always happy to answer any further questions you may have,

best regards
